

## Internship in Private Equity with a focus on Special Situations and Sustainability at FairCap Italy (m/f/d)

FairCap is a fast-growing, internationally oriented private equity company that acquires small and medium-sized companies from large corporates (carve-out/spin-off) and transforms them into sustainable, healthy organizations. Our long-term and entrepreneurial approach supports the operational improvement of our portfolio companies, taking into account all stakeholders, including the environment ("win for all").

We are a reliable and experienced partner in complex transactions aiming to provide a "good home" for the companies we acquire. Post-closing, we work closely with the management team to achieve a clear value increase focusing on the sustainable and long-term growth of the company. To accelerate our growth, we are looking for an Intern (m/f/d) to join our investment team in Milan.

### Your tasks

- As a member of our deal team, you will work on all steps of the M&A process, from acquisition to exit.
- Analyze offers from intermediaries for suitability and opportunities.
- Assist in due diligence projects, with responsibility for specific modules.
- Conduct market and competitive analysis across all industries and business models.
- Participate in meetings with management, create business plans, models, valuations, and indicative offers.

### Your profile

- *Education and experience:* Whether you study economics, natural sciences, or humanities is less important than your ability to tackle complex topics in a goal-oriented manner while demonstrating perseverance. Very good knowledge of English, as well as previous internship experience in corporate finance, consulting, M&A, or controlling, along with proficiency in Excel and PowerPoint, are key foundations we aim to build on.
- *Values and ethics:* You share the values of FairCap and its mission to balance high-return investing with sustainability and environmental considerations. A strong interest in economic issues should form the basis of this.
- *Ambition and passion:* You are a "doer" and pursue goals with determination and ambition. You want to achieve something significant in life and seek a role with impact and purpose. Your work ethic is driven by ambitious goals, and you are willing to go the extra mile. Passion for the cause is your motivation.

**What we offer you**

- Insight into the private equity industry from the perspective of a special situations investor.
- Training and support from a successful and professional team.
- Opportunity for permanent employment after graduation.

Have we sparked your interest in the position?

Then please email us your CV with a short letter of motivation: [careers@fair-cap.com](mailto:careers@fair-cap.com)
